Company Profile

Vision
CREATE SOLUTIONS - SAVE LIVES

Mission
Focusing on the well-being of the patient with qualitative solutions and services and guaranteeing the best possible use of the product!

CRS medical has been providing services in the field of medical technology for its customers since 2004. Many years of experience and comprehensive knowledge in the medical technology sector have made CRS medical a dynamic and powerful medium-sized company. Today, CRS medical, headquartered in Asslar, Germany, has over 175 employees and is represented on nearly every continent in the world. The company is committed to implementing customer requirements in a targeted, safe and precise manner, working closely and actively with its customers. The innovative and demand-oriented solutions developed in this way meet the high standards of safety and functionality.

Professionalism, flexibility and discretion make CRS medical a valuable partner in all its fields: CRS Services, CRS Data Solutions and CRS Products.
