#### Company Profile

Ille is an innovative family business from Altenstadt in Hesse moving forward fast. Dedication and enthusiasm are central aspects of our work. This corporate culture is not limited to our employees but is set as an example by our management. Our recipe for success: market dominant top products, a dense international sales network and a customer-oriented installation, supply and maintenance service which has no equal in the entire sector when it comes to flexibility, friendliness and speed.

With 29 service branch offices in Europe and 40,000 customers we grow organically by 10% each year. Ille is not only a pioneer but has become the market leader in the hygiene segment. However, that is no reason for us to rest on our laurels. We will continue to rely on trend-setting products and perfect service combined with a dynamic growth strategy on a national and international level.
